

Safeguard Policy Filter Report

Operation Information

Operation		
BR-L1442 Financing program for productive and sustainable investments		
Environmental and Social Impact Category	High Risk Rating	
B13	{Not Set}	
Country	Executing Agency	
BRAZIL	{Not Set}	
Organizational Unit	IDB Sector/Subsector	
Energy	BANKING MARKET DEVELOPMENT	
Team Leader	ESG Lead Specialist	
MARIA E. NETTO DE A. C. SCHNEIDER	{Not Set}	
Type of Operation	Original IDB Amount	% Disbursed
Loan Operation	\$0	0.000 %
Assessment Date	Author	
5 Aug 2016	ceciliabe Project Assistant	
Operation Cycle Stage	Completion Date	
ERM (Estimated)	24 Aug 2016	
QRR (Estimated)	1 Sep 2016	
Board Approval (Estimated)	{Not Set}	
Safeguard Performance Rating		
{Not Set}		
Rationale		
{Not Set}		

Safeguard Policy Items Identified

[B.1 Bank Policies \(Access to Information Policy– OP-102\)](#)

The Bank will make the relevant project documents available to the public.

[B.1 Bank Policies \(Indigenous People Policy– OP-765\)](#)

The operation has the potential to negatively affect indigenous people (also see [Indigenous Peoples Policy](#)).

Safeguard Policy Filter Report

B.1 Bank Policies (Resettlement Policy– OP-710)

The operation has the potential to disrupt the livelihoods of people living in the project area of influence (not limited to involuntary displacement, see also Resettlement Policy)

B.13. Noninvestment Lending and Flexible Lending Instruments

Ex-ante impact classification may not be feasible for this type of operation. This includes: policy-based loans, Financial Intermediaries (FIs) or loans that are based on performance criteria, sector-based approaches, and conditional credit lines for investment operations.

B.16. In-country Systems

In-country systems will be used based on results from equivalency and acceptability analyses.

B.17. Procurement

Suitable safeguard provisions for the procurement of goods and services in Bank financed operation will be incorporated into project-specific loan agreements, operating regulations and bidding documents, as appropriate, to ensure environmentally responsible procurement.

B.2 Country Laws and Regulations

The operation is expected to be in compliance with laws and regulations of the country regarding specific women's rights, the environment, gender and indigenous peoples (including national obligations established under ratified multilateral environmental agreements).

B.3 Screening and Classification

The operation (including associated facilities) is screened and classified according to its potential environmental impacts.

B.4 Other Risk Factors

There are other environmental and social sustainability issues that the project team considers to represent a risk for this operation. (e.g. wood sourced from Amazon rainforest).

B.5 Environmental Assessment Requirements

An environmental assessment is required.

B.6 Consultations

Consultations with affected parties will be performed equitably and inclusively with the views of all stakeholders taken into account, including in particular: (a) equal participation by women and men, (b) socio-culturally appropriate participation of indigenous peoples and (c) mechanisms for equitable participation by vulnerable groups.

B.7 Supervision and Compliance

The Bank is expected to monitor the executing agency/borrower's compliance with all safeguard requirements stipulated in the loan agreement and project operating or credit regulations.

Potential Safeguard Policy Items

B.12. Project Under Construction

The operation is already [under construction](#) by the executing agency or borrower.

Safeguard Policy Filter Report

B.9 Natural Habitats and Cultural Sites

The operation will result in the degradation or conversion of Natural Habitat or Critical Natural Habitat in the project area of influence.

Recommended Actions

Operation has triggered 1 or more Policy Directives; please refer to appropriate Directive(s). Complete Project Classification Tool. Submit Safeguard Policy Filter Report, PP (or equivalent) and Safeguard Screening Form to ESR. The project triggered the Disaster Risk Management policy (OP-704) and this should be reflected in the Project Environmental and Social Strategy. A Disaster Risk Assessment (DRA) may be required (see Directive A-2 of the DRM Policy OP-704). Next, please complete a Disaster Risk Classification along with Impact Classification. Also: if the project needs to be modified to increase resilience to climate change, consider the (i) possibility of classification as adaptation project and (ii) additional financing options. Please consult with INE/CCS adaptation group for guidance.

Additional Comments

This is a program to finance a Renewable Energy Projects (RE), these type of projects deliver long term GHG emission reductions and are considered environmentally friendly projects as they entail cleaner energy production. However, some of the projects financed by the program may entail adverse environmental or social impacts that could be potentially significant and which need to be assessed and managed on a project by project basis. The IDB will define an Environmental and Social Management System (ESMS) that will enable the identification of potential impacts and risks and ensure that the beneficiaries of the financing will implement environmental and social assessment, prevention, mitigation and management measures consistent with IDB safeguard policies. The ESMS shall integrate all applicable local systems and norms and will be ready to be incorporated in the program's Operating Regulations, its approval being a condition prior for the first disbursement.
