Paramaribo, August 29, 2018

Mr. Cesar Falconi
Country Representative
Inter-American Development Bank
Country Office Suriname
Peter Bruneslaan 2-4
Paramaribo

Subject : Request Technical Cooperation for preparation of the project
'Mainstreaming climate change in Suriname's sustainable decision-making
processes'

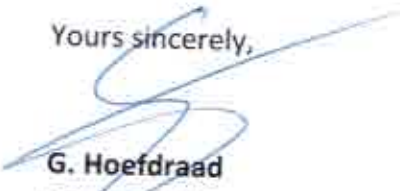

Dear Mr. Falconi,

We had recent discussions on August 1, 2018 with Mr. Lackin, Mr. Ramlakhan and Mr. Nelom on the technical support the Inter-American Development Bank (IDB) can provide to the Coordination Environment Unit to support in mainstreaming climate change in decision making, particularly synergizing climate environmental data with economic development indicators.

The Ministry of Finance, as the representative of the Government of Suriname wishes to request a Technical Cooperation (TC) to support the preparation of the project 'Mainstreaming climate change in Suriname's sustainable decision-making processes'. The technical counterpart from the Government of Suriname will be the Coordinating Environment Unit, led by Mr. Lackin.

We look forward to working closely with the Bank for the preparation of this Technical Cooperation.

Yours sincerely,

G. Hoefdraad
Minister of Finance

Angel Gomez, Angelo Eduardo

Subject: Re: TC SU-1117 Mainstreaming Climate Change Bank Execution Request

Dear Mr. Falconi,

We are pleased to be informed that the approval process is in the last phase.

With reference to our request letter dated August 29, 2018, the government is requesting the Bank to execute the technical cooperation Mainstreaming Climate Change in Suriname's Sustainable decision making processes.

We look forward to hear from you.

Regards,

Iris Sandel
Permanent Secretary
Ministry of Finance

Dear Iris,

The approval for the Technical Cooperation Mainstreaming Climate Change in Suriname's Sustainable Decision Making Processes is in its last stage.

In the request letter from the Ministry of Finance (attached), it was missing that the Government is requesting that the Bank executes the technical cooperation.

In order to complete the approval last stage, we would appreciate it if you could reply this message indicating that “referring to the request letter dated August 29, 2018, the government is requesting the Bank to execute the technical cooperation Mainstreaming Climate Change in Suriname’s Sustainable decision making processes”.

Most appreciate it.

Best regards

Cesar
