

### GCF Chronogram

- ❖ Preparation of a concept note – this step takes about 3 months and needs coordination and endorsement from the NDA. The concept note is informally shared with the GCF Secretariat for feedback.
- ❖ Preparation of Full Funding Proposal – this step takes another 3 months to incorporate feedback officially received from the GCF Secretariat.
- ❖ Submission to the GCF Board – once the FFP is cleared the GCF will indicate at which Board meeting the project can be presented for final approval. FFP need to be submitted to the GCF 3 months before the targeted Board meeting date (even though there is no guarantee the proposal will be presented at the desired board meeting).

TOTAL TIMELINE (from the start of the concept note preparation to actual approval by the GCF): **approximately 12 months.**
